Information Technology Staffing Solutions

Integrating new technologies into legacy infrastructures, cross-platform compatibility, and next-level security protocols are just the tip of the iceberg when it comes to IT. That's why we have a team of recruiters dedicated to working on finding you the most qualified candidates within the IT field.

Our Mission

Skillset's mission was founded on the idea of creating a culture that supports long term retention, internally, for our candidates as well as our customers. By providing our customers with the highest levels of customer service, our reputation as a leader in the staffing industry continues to grow by matching the perfect skillset with the perfect employer.

Why Choose Us ?

Over 75+ years of internal staffing experience

No cost to you until we find the right candidate

90 Day Guarantee on Direct Hire Employees

Hire temporary & contract workers within 24 hours.

Direct Hire

Our Direct Hire services are a fast and efficient solution to managing your organizations human capital. We offer Direct Hire searches on a contingent and retained basis.

Temporary & Temp to Hire

Our Temporary & Temp to hire solutions are designed to help save you money by deploying a flexible workforce management solution and mitigate hiring costs.

Payroll & Risk Management

Our Payroll solutions are designed to allow your company to focus on your core business while we help manage your HR compliance and mitigate risk.

Services

Our services include onboarding, E-Verify, drug testing, background checks, timekeeping, tax compliance, workers' compensation insurance, unemployment claims, and benefits.

Information Technology

At SkillsetGroup, we are at the forefront of technology recruitment. We have dedicated recruiters on hand that have industry experience that help shape your experience in finding the right fit for you and your team.
